

Electrical Part for Forklifts

Forklift Electrical Part - Lift trucks and different forklifts can have particular labels used in certain hazardous locations. The mark indicates that this specific model of lift truck meets the minimum standards of ANSI/UL 553 meant for electric lift trucks or ANSI/UL 558 meant for internal combustion engine forklifts.

Applications for marked forklifts may be found in National Fire Protection Association NFPA 505 - Powered Industrial forklifts including: Areas of Use, Maintenance and Operation, and Type Designations. Check with your local insurance provider and Fire Marshall for further info about the permitted uses of industrial powered trucks in your application.

If the lift truck has been proven to satisfy the outlined standards, the following labels could be put. A marked truck will have the model designation located on the lift truck nameplate and will have one of the following labels put.
